(tests for vitamin D deficiency)

\$60.00

Preparation for Laboratory Testing

In order to get accurate results, metabolic and cholesterol panels require you to be **FASTING** for at least 8 hours prior to your blood draw. The morning of your blood draw, you should take your usual medications and drink **ONLY** water or black coffee (no cream or sugar). Drinking water is strongly encouraged as it may help with the blood draw.

Pricing and Payment Information

Fees for services are due prior to the blood collection. In addition to the date of the health fair, the listed prices will be honored at CCMC

Tuesday - Thursday, April 14-16

8:00am - 11:00am

Results and Interpretation Information

Results will be mailed to you within approximately 10 days. Only your health care provider can interpret laboratory results. **RESULTS WILL NOT BE FORWARDED TO YOUR PROVIDER;** it is your responsibility to retain a copy of your results and take them to your provider. If you do not have a physician and have questions/concerns about your lab results, please call CCMC Clinic at 907-424-8200 and make an appointment. Information on and interpretation of results will not be given over the phone.

Please call CCMC Laboratory if you have further questions:
