

# CORDOVA CENTER FACILITIES GUIDE

A true testament to the heart and determination of its people, after years of community-led planning, the City of Cordova realized the dream of The Cordova Center in 2015. Tall and angular like the many peaks which surround it, at 34,000 square feet, its glass façade showcases the natural beauty of Cordova – from lofty Chugach peaks to rich waters and a busy working harbor. Rooms range from small classrooms to large conference, meeting, and banquet spaces. A commercial kitchen allows for catered events and fundraisers. All facilities are ADA compliant. High speed WIFI is available throughout the building, and audiovisual capacity is present in all meeting spaces to enable remote participation and streaming. The Cordova Center has been used for weddings, conferences, fundraisers, and more. Its open-space concept can be modularized to fit the needs of almost any group.

## CORDOVA CENTER QUICK FACTS

- Centrally located
- Flexible modular spaces
- 34,000 square feet
- WIFI, audio/visual capability, and state of the art connectivity throughout
- ADA accessible
- Commercial kitchen

## UPPER & LOWER ATRIUMS

The first space encountered upon entering the Cordova Center, plan your group's adventures in the World's Richest Waters from the upper or lower atriums' large windows overlooking the harbor and nearby Hawkins Island. Vaulted ceilings equipped with various lighting options showcase the building's modern architecture and spaciousness. The upper atrium is often used for vendor displays, and pre-banquet festivities while the lower atrium provides an open space for receptions or a waiting area for performances or speaking events. Filled with natural light, these areas make for a cheery and professional atmosphere.

## MODULAR MEETING ROOMS

Community Rooms A&B, used for meetings, conferences, and presentations, are the heart of the Cordova Center's facilities. Room A accommodates 50-70 people, while Room B accommodates 25-30. The wall between them opens to allow for larger or smaller groups depending on the desired intimacy of your party. With a combined area of 1,170 sq ft; tables, chairs, and podiums are all available onsite to transform the space into exactly what you want. The rear wall of the Meeting Rooms also opens to the lower atrium to provide banquet or meeting facilities for up to 175 people.

## COMMERCIAL KITCHEN

Located adjacent to the lower atrium for serving convenience, this commercial-grade kitchen is sized to keep up with the culinary needs of our largest parties. Numerous private caterers are available in Cordova who would love to help with your event.

## NORTHSTAR THEATER

A town favorite, the Northstar Theater possesses seating for 200 and is commonly used for movies, lectures, dance performances, and live concerts. A state-of-the-art A/V Control Room allows for comfortable control of lighting or sound effects. The theater is hearing-impaired accessible. Dressing rooms are located in the back of the house.

## COPPER RIVER GALLERY

The Copper River Gallery and adjacent Cordova Historical Museum host both temporary and permanent exhibits highlighting the rich culture and storied past of Cordova, and offer a venue for its many contemporary artist residents to showcase their latest work. The bright hardwood floors and engaging surroundings make for a fun, tasteful setting for wedding receptions or pre-banquet festivities. The space can accommodate between 25-50 people and includes a projection screen.

## LIBRARY FIRESIDE NOOK

This cozy nook is best used for informal discussion groups. Watch the rain fall over the ocean as you discuss books or ideas with 10-12 others. Comfortable chairs and a gas fireplace facilitate intimacy and warmth.

## PROJECT ROOM

This space is commonly used as storage for event planners, but really comes into its own as a workshop space. It accommodates 10-18 people and features a sink and whiteboards.

## MAYOR'S CONFERENCE ROOM

Designed to serve as a breakout meeting space or board room, this meeting room is perfect for smaller discussions and presentations. It seats 12-15 and includes a flat screen monitor.

## EDUCATION ROOM

This surprisingly large space has been used for a little bit of everything! At 30-35 people, it is the perfect size for workshops, medium-sized meetings, vendor sales, and even the occasional yoga class! With a variety of layout options available, the Education Room is 1,040 square feet and possesses both a sink and whiteboards.
